

ZENMUSE XT

POWERED BY  **FLIR**

DISCLAIMER AND SAFETY GUIDELINES

V1.0 2016.01

Disclaimer and Warning

Congratulations on purchasing your new DJI product. The information in this document affects your safety and your legal rights and responsibilities. Read this entire document carefully to ensure proper configuration before use. Failure to read and follow instructions and warnings in this document may result in serious injury to yourself or others, or damage to your DJI product or damage to other objects in the vicinity, or violation of the United States law. This document and all other collateral documents are subject to change at the sole discretion of DJI. For up-to-date product information, visit <http://www.dji.com> and click on the product page for this product.

Diversion Contrary to U.S. Law is Prohibited

The Zenmuse XT gimbal and incorporated thermal camera having a maximum frame rate equal to or less than 9 Hz are controlled under ECCN 6A993 under the United States Export Administration Regulations, 15 CFR chapter VII, subchapter C. The commodities, components, technology or software related to camera and lens were exported from the United States in accordance with the Export Administration Regulations. Diversion contrary to the United States law is strictly prohibited, including but not limited to, transferring the commodities, components, technology or software to Cuba, Iran, Sudan, North Korea, Syria, Crimea region of Ukraine or other United States embargoed countries, or to any prohibited end-uses or end-users under United States law.

The Zenmuse XT gimbal and incorporated thermal

camera having a maximum frame rate more than 9 Hz is controlled under ECCN 6A003.b.4.b. under the United States Export Administration Regulations, 15 CFR chapter VII, subchapter C. The commodities, technology or software related to camera and lens were exported from the United States in accordance with the Export Administration Regulations. Diversion contrary to United States law is strictly prohibited. The gimbal, its components and software shall only be used in countries of Country Group A : 5 as defined in Supplement No. 1 to 15 CFR Part 740. Any transfer inside countries of Country Group A : 5 as defined in Supplement No. 1 to 15 CFR Part 740 shall be made only to civil end-uses and civil end-users that are not prohibited under United States law, unless with prior approval from the United States Department of Commerce, Bureau of Industry and Security.

Disclaimer

You acknowledge it is your responsibility to comply with United States law and other applicable export and import laws. Should there be any violation of United States law or other applicable export and import laws arising from, or allegedly arising from, or related to the use, sale, transfer, or any other means of utilizing the Zenmuse XT by you or by any other person using this Zenmuse XT, DJI shall not be liable and you agree to indemnify, defend, and hold harmless DJI and its affiliates, officers, employees, agents, and representatives from and against any and all such claims, demands, suits, causes of action, expenses (including reasonable attorney's fees), damages, losses or liabilities of any nature whatsoever.

Do Not Modify or Alter the Zenmuse XT

The Zenmuse XT has been calibrated specifically for the designated camera and lens before leaving the factory. No physical or mechanical modification or adjustment of the gimbal is required or recommended. Do not add any other component or device (such as a filter, lens hood, etc.) to the camera. Be sure to use a DJI approved battery, otherwise performance may be hindered and internal malfunctions or damage may occur.

Only Use Compatible Aircraft

The Zenmuse XT is currently compatible with the following DJI Aircraft: Inspire 1, Inspire 1 v2.0 and Matrice 100. It will also be compatible with designated further products. To optimize the gimbal's performance, download the latest DJI GO app, otherwise the Zenmuse XT may not function properly.

Safe Use

Make sure to operate your aircraft in the safest manner possible. Observe the procedures contained in the user manual and the online tutorials to mount and connect the gimbal to your aircraft. Please respect the AMA's national Model Aircraft Safety Code.

By using this product, you hereby signify that you have read this disclaimer and warning carefully and that you understand and agree to abide by the terms and conditions herein. You agree that you are solely responsible for your own conduct while using this product, and for any consequences thereof. You agree to use this product only for purposes that are proper

and in accordance with all applicable laws, rules, and regulations, including international and domestic airspace regulations, and all terms, precautions, practices, policies and guidelines DJI has made and may make available.

DJI accepts no liability for damage, injury or any legal responsibility incurred directly or indirectly from the use of this product. The user shall observe safe and lawful practices including, but not limited to, those set forth in the User Manual.
